## Story

*"I'm so thankful for you techy people. Thank you for making 24/7 prayer coordination possible for people like me. In customizing the prayer content for the Unreached People Group in Africa that I serve, the Lord led me to write prayer requests for believers and non-believers I know. One of the believers was enduring persecution as his family refused to give him food. It was amazing to see the miraculous ways God met his needs as the global body of Christ prayed for him."*
